

capital structure and corporate performance: evidence from ... - capital structure and corporate performance: evidence from jordan abstract this study is to investigate the effect which capital structure has had on corporate performance using a panel **bill of quantities for package 04 residential buildings a1 ...** - united nations development programme/programme of assistance to the palestinian people
§ 3. The purpose of the present study is to investigate the effect which capital structure has had on corporate performance using a panel of companies listed on the Jordanian stock exchange from 2006 to 2012. The study is based on a panel of data from 12 companies. The results show that capital structure has a positive effect on corporate performance. The study is limited to the Jordanian market and the results may not be generalizable to other markets.
§ 4. The study is limited to the Jordanian market and the results may not be generalizable to other markets.
§ 5. The study is limited to the Jordanian market and the results may not be generalizable to other markets.
